

## ThermoPro TP-01H Smart Digital Food Meat Thermometer 135mm food grade SS Probe

SKU: THEPROTP01H  
Manufacture warranty period: 12 months  
Country of Origin: China

### Description:

ThermoPro TP01H digital food thermometer is a portable and efficient cooking tool that can provide the most accurate temperature in a quick 4-7 seconds. Equipped with a 13.5cm (5.3") food grade stainless steel probe with step-down technology to ensure fast response times and accurate temperature readings, while also keeping your hands away from the heat when cooking at the grill or in the oven. This food thermometer allows yourself to always cook to the optimal temperature of your food type. The main benefits of doing so are ensuring your food is safe for consumption and enjoying your food the way it was meant to be prepared.

### Features:

- 13.5cm Long Probe - Safety keep your hands away from the heat
- Backlit LCD Display- Read temperature clearly in dim light condition
- Lock Temperature - Viewing the temperature when you remove the probe from food
