

## ThermoPro TP358 Smart Wireless Digital Indoor Thermometer Hygrometer with Alert (Bluetooth 5.0) (Bluetooth 5.0)

SKU: THEPROTP358WH  
Manufacture warranty period: 12 months  
Country of Origin: China

### Description:

With Swiss-made high-precision sensors, ThermoPro TP358 will read and record the slightest changes in temperature and humidity. With the arrow trend indicators, you will be able to react ahead of time such as adjusting your thermostat or humidifier. TP358 is capable of a long 260ft/80m range to send data directly to your phone. Receive alerts for when you exceed the maximum or minimum temperature or humidity pre-sets, and save yourself the hassle of re-checking your wall thermometer indoor. All data is now at your fingertips!

**First-Rate Accuracy:** This digital thermometer hygrometer uses the latest Swiss-made Sensirion sensor technology to provide an accuracy of up to  $\pm 0.5^{\circ}\text{F}$  and  $\pm 2\%$  RH. This temperature thermometer's 10-second refresh will constantly keep you informed of any change to your environment.

**Extended 80m Coverage:** This 5.0 SIG-certified Bluetooth hygrometer digital is guaranteed to have the highest reliability. Use your phone to check your home's temperature and humidity at any time.

**Smart App Notifications:** Receive alerts for when you exceed the maximum or minimum temperature or humidity presets and save yourself the hassle of re-checking your wall thermometer indoor. All data is now at your fingertips!

**Heat Index & Year-Long Dynamic Graphs:** App contains informative Heat Index metric so you know what the temperature truly feels like. ThermoPro Bluetooth Temperature Sensor App lets you analyze temperature and humidity trends over a day, week or year, making it perfect for recognizing patterns in your environment.

**Clock and Air Comfort Level:** This indoor thermometer displays the time and day, dry/comfortable/wet levels, and trends all on a 3-inch backlit LCD screen, making this home temperature monitor the solution that does it all.
